Subject: Cell phone extraction and forensic analysis of a cell phone belonging to Karen Read (DOB (c))

Case: 2022-112-0033

1. On Saturday, January 29, 2022, Trooper Michael Proctor and Sgt. Yuri Bukhenik of the Norfolk District Attorney's Office responded to an unattended death of John O'Keefe (DOB (c)) at 34 Fairview Road in Canton. Through his investigation it was found that O'Keefe was a victim of a motor vehicle homicide. Tpr. Proctor secured the cell phone belonging to Karen Read (DOB (c)) who is a suspect in the homicide.

2. The evidence was given to me in good working order and transported to the Norfolk District Attorney's office by Tpr. Proctor. Search warrant# 22SW0013 issued out of Stoughton District Court was signed on 2/2/2022. The evidence provided to me is as follows:

- One (1) Apple iPhone Xs Max cell phone

3. To perform the data extraction of this device, I used the following equipment:

- GreyKey
- Windows 10

4. At this time we are unable to access the data on the phone and it is secured at the Norfolk DA's office. This report is not inclusive of all potential data contained within this device. Any additional analysis will be documented in future reports.

Respectfully submitted,
